NORMAL CAGERS TO TRY AGAIN

OKMULGEE LADS HERE FOR GAME WITH WILSON'S QUIN-TET. TEAM IS STRONGER.

The Normal lads who meet the tossers from Okmulgee tonight have put in a week of very strenuous work and are in the best of condition to enter a game that they have been in this season. The game with Central was an excellent lesson in basketball for the locals and the two practices that they have had since that time have served to smooth out many wrinkles in their work. There is much better team work and less of the individual play that characterized the earlier games of the season.

Practically nothing is known of the strength of the visitors. However, they are the representatives of one of the largest and liveliest high schools in the state and the game tonight at the Normal gymnasium promises to be a thriller.

East Central's lineup will probably be the following: Forwards, Young and Wimbish; center, Vernon; guards, Dorsey and Gilmore.

WILSON ON WAY TO AMERICA

MILITARY FORCE MUST BE DISCUSSED AGAIN IN THE FUTURE.

By the Associated Press
PARIS, Feb. 15.—With today's plenary session of the peace conference concluded and the new framed covenant of the League of Nations read and discussed, President Wilson left for Paris. Tonight he will leave for Brest on his way back to the United States. Mrs. Wilson accompanying him.

Lord Robert Cecil of Great Britain and Premier Orlando of Italy, voiced their approval of league covenants today when Wilson had finished reading them, but Leon Bourgeois of France, while expressing satisfaction, made wide reservations which indicated his proposals for international military force will be heard again when the debate proceeds further.

FRENCH PRESS OPPOSE LEAGUE

PARIS COMMENT REVEALS SOURCES OF OPPOSITION TO MILITARY LIMITATIONS.

By the Associated Press
PARIS, Feb. 15.—Comment in representative French newspapers on the constitution of League of the Nations as presented at yesterday's plenary session of the peace conference reveals little enthusiasm. The Journal, one of the most widely circulated French papers, declares the French people must not lose sight of realities and insists that when "a seductive idea of disarmament is mentioned, it is our duty to ask plainly where are the guarantees and what is the force which will shelter us from a reaction of tragic surprises."

FINANCIAL STATEMENT OF THE STUDENT ARMY TRAINING CORPS

President Gordon has just completed a report to the Government regarding the outlay for the Student Army Training Corps. The citizens of Ada will be interested in this report, as a number of them contributed money and enthusiasm to help secure the Unit. It is interesting to note that in addition to the money that the young men spent in Ada while here the government spent a little less than \$13,000. Another interesting feature is that of this amount \$35.47 was spent outside of Ada. There was paid for salaries to the members of the Student Army Training Corps \$5,670. It is safe to say that a large part of this was left in Ada. A careful perusal of the itemized statement below will show the various kinds of firms and enterprises with whom the money was spent. One man, a local dentist, who did something like \$70 worth of dental work for the S. A. T. C., would make no charge at all, asking the privilege to contribute this much to the government's cause.

RED CROSS LOCATES BROTHER OF PONTOTOC COUNTY MAN

On Nov. 19, 1918, Mr. John Muller of Ada, came to Red Cross headquarters and asked if we could assist him in locating his brother in Switzerland, from whom he had not heard in over two years.

We immediately took the matter up with the Bureau of Communication, and today he is the happy recipient of a letter from the American

Red Cross at Berne, Switzerland, enclosing a letter from his brother.

Mr. Muller lost no time in notifying his local chapter and expressing his appreciation for the wonderful service the Red Cross is rendering.

If there are others who have relative in the foreign countries and can not hear from them we shall be glad to assist you in locating them.

A bunch of politicians met at Oklahoma City a few days ago and resolved that the state needed a big Democratic daily paper. Whether it does or not it will require more than this to get an experienced newspaper man with the necessary capital to launch the proposition. The day has passed when newspaper owners take much stock in support of politicians. Few of them have the necessary cash to back a paper, and usually they have other uses for their kale seed if they do have it, and the newspaper man must in the end paddle his own financial canoe. To kill a well established paper of any size, great or small, is a tough proposition and in this instance a cool million or more beans would be needed to guarantee any degree of success. The owners would probably lose half of this sum before making a start towards a profit. The support of the advertiser is what counts and the advertiser is more interested in circulation than the political complexion of a paper. However, it is not our funeral and we have no objection to the promoters going ahead.

THE LEVELING PROCESS.

It really makes no difference what one class of laboring men and women get in the way of wages, it makes no difference what farmers get for their produce, it makes no difference what professional men get in the way of fees, it makes no difference what the dress maker gets for her service, provided the cost of the materials each one must buy is in proportion to the amount that person receives for his or her service. A low scale of prices is not necessarily bad if everything is low. A high scale of prices is no better if everything is high. This is a fact that every reasonable person can understand.

For fifteen or twenty months the farmers have been getting fair prices for their produce. In spite of the increased price of everything the farmer had to buy, he has been able to break even and in some cases lay by a bit for future hard times. The man in the shops and on the railroads have received increased wages, but the price of living has gone up, whether in exact proportion, less or more, we are not in position to say.

The first drop in prices in this part of the country, aside from the loss that some of the merchants put on their goods, has fallen upon the farmers. The farm wife who was selling her butter for sixty-five cents a pound sixty days ago is now selling it for forty and forty-five. The same woman who was getting sixty and seventy cents for her eggs is now getting only thirty-five and forty. Beef has gone down, pork is scheduled for a swoop downward, poultry is getting cheaper. Farmers are becoming discontented and many are planning to quit.

Now it is certain that prices in all lines are inflated. Wool is too high. Cotton at one time was too high, for peace times. Salaries and wages in many lines are too high. Profits in many lines are too high. Every line of action has been trying to keep the prices of that line up and avoid a drop. The farmers being unorganized, were the first to take the fall. Other lines must now drop, or there will be an influx of rural people to the towns. Unemployment will become more pronounced. There will be a surplus of city laborers, merchants,

garages, eating houses and the whole gamut. At the same time there will be a shortage of farmers. Eventually the farm products on account of their scarcity will go up, and the prices of the city products will go down. The law of supply and demand will sooner or later bring about the leveling process. This leveling process, one should understand, applies not to individuals but to lines of work. As a matter of self protection, the farmers will soon form a workable and functioning organization. The farmers will learn to regulate the supply and thus regulate price.

FRANCE CLAIMS SYRIA AND LEBANON DISTRICT

PARIS, Jan. 3.—(Correspondence of The Associated Press)—The "rights" of France to guide the destinies of Syria, Lebanon and Armenia-Minor were expounded by the Associated Press today by M. Gout, director for Asia in the French Foreign office. M. Gout asserted that it had long been the role of France to protect the helpless peoples of the Orient and recalled interventions by France in Syria and Lebanon to defend the Christians and that France had played a great part in the defense of the Armenians in 1895 and 1896.

"France," he said, "worked not only to protect Christians but she also sent missionaries into all parts of Turkey, not for the purpose of proselytizing but for teaching and charitable work. Before the war there were French schools in all sections of Turkey, and in the great towns there were French hospitals for the care of the poor. In Syria especially the number of French schools was considerable. In Beirut we had a large university, and I must add that the Americans also had one, working for the civilization of the Syrian people. A great number of physicians were bred in the French universities."

M. Gout called attention to the fact that French capital and industry had created three of the four ports of Asia Minor, and pointed to the great railways built and controlled by the French. The first road opened between Damascus and the coast, the Damascus-Beirut line, was French, he said. It was also a French society which before the war undertook the repair of roads in many parts of the Ottoman Empire, and a French company had a concession for a big railway in Armenia. The important silk industry of Syria, he added, had been fostered and developed by France.

"We may point out also the great share of France in the public debt of Turkey, which is nearly sixty percent," he continued. "The share of England before the war was ten or twelve percent, that of Italy nearly five percent, and Germany had all the rest."

"There is another important phase of the question. You know about the great number of monasteries and religious institutions in Jerusalem. For our French Catholics Jerusalem is a second Rome and they always have sent money and missionaries to promote the Catholic influence in this holy town."

"Thus sums up a large part of the claims of France in Asia Minor, and I believe that M. Pichon (French Foreign Minister) was entitled to speak of our rights there. He was the more entitled to do so in view of the abominations committed against the Armenians and Syrians by Turkish Unionists early in the war."

Referring to the treaty signed by France and England while the war was in progress under which France was to have supervision of Syria, Lebanon and Armenia-Minor, M. Gout added:

"At that time France and England thought it necessary after the war to give to all these populations a certain future and autonomy. But we were obliged to note that in these countries there are a large number of races and religions. Great differences exist between these religions and races. It is not possible to give these countries uncontrolled independence. Their best people also agree that it is necessary to have, not a master, but a sort of arbitrator and guide to civilization."

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

SANTA FE AT STONEWALL DISCONTINUES STATION

From Stonewall News:
P. G. Smith, local Santa Fe Agent, received notice several days ago that the Stonewall station would close down on the 15 of this month, and to prepare by winding up the business of the station here. Just where the Company intends placing him is not known, nor did the letter explain just why they were closing the station here.

Mr. Smith immediately began packing his household effects, preparatory to moving. He stated to a News reporter that he had been expecting the move for some time, but was somewhat surprised when the order came. He has been agent for the Santa Fe here for something like three years, and has given satisfaction to the business men.

Mr. and Mrs. Smith have a large circle of friends here who will regret to learn that they are to leave us.

Miss Edna Bandy is on the sick list this week.

Mrs. Howard Elkins and daughter Mattie, are recovering from a severe attack of influenza.

MARKERS ORDERED OIL CITIES ROAD

COL. SYDNEY SUGGS GIVES FACTS ABOUT THE NATIONAL HIGHWAY THROUGH ADA.

"The best brains of the country, from President Wilson down to the smallest farmer, are busy devising ways to build good roads," said Col. Sydney Suggs of Ardmore last afternoon at the regular meeting of the Pontotoc County Good Roads Association.

The meeting was well attended and much interest in the new Oil Cities Route was manifested. This route is a national highway and has nothing to do with the proposed bond issue in this state. The treasurer was authorized to purchase markers for this road through this county. The markers have a large black O with a C in the center of the O. The membership fee was placed at \$2.50 a year.

In his speech Col. Suggs pointed out that congress had already appropriated \$200,000,000 to develop good roads, and that a billion would be asked in the near future.

In order for the various counties and states to secure any of this fund, they must first show their interest in good roads, and especially in the building of trunk roads, which would be permanent. Col. Suggs is now especially interested in state wide roads and Oil Cities Route, which connects the Kansas oil field with the Ranger field in Texas, by way of the Tulsa field, the Okmulgee field and Pontotoc and Carter counties. This road is not only the most convenient road from Kansas to Ranger, Texas, but also taps the richest agricultural district in Oklahoma. Col. Suggs further pointed to the Good Roads Boosters that congress will be asked to designate and make of the Oil Cities Route, a Postal Route, over which the government will maintain a system of trucks to carry Parcel Post mail. This is very important because it is estimated that farm products waste on account of lack of proper facilities.

Heretofore the National Department of Highways at Washington, had been "in the cellar," that is, under the Department of Agriculture, but that it had now been taken and placed up stairs" and would hereafter be recognized as one of the most important arms of the Federal government.

Many congressmen and engineers of national fame have returned from France, after having seen and ridden over some of the best roads of the world. This has made Good Roads Boosters out of them and they have come back enthusiastic for the building of permanent highways.

The people of Oklahoma are about to face a \$50,000,000 bond issue for permanent good roads, and one safe guard that will be thrown about this issue is that the roads must conform to the requirements of the National government. When these requirements are met the National government will buy the roads so built, on condition, that the money paid to the county and state for this road will be spent in building other good roads in the county and state as feeders and laterals to the trunk line.

As evidence of what a bridge or good road will do, Col. Suggs said that the Oil Cities Route, from Kansas to Texas, came through Pontotoc County because the people of Pontotoc county were building a bridge across the Canadian river at Francis.

Relieved of Catarrh Due to La Grippe, Thanks to PERUNA

Mrs. Laura Berberick, 69 years old, of 1205 Willow Ave., Hoboken, N. J., writes:

"Four years ago I had a severe attack of La Grippe. After my sickness I was troubled with hoarseness and slime in the head and throat, and was told I had Catarrh. I took some medicine but without much benefit. Every winter for four years, I have had La Grippe (last winter three times). The Catarrh grew worse. I could not lie down or sleep at night. Was always troubled with slime, pain in my back and a terrible headache every morning, when I woke up, and had no blood. I got a Peruna calendar in Danish, my native language, and I read it through, every testimony, and then I bought a bottle of Peruna. To-day I can truthfully testify that Peruna has been a great benefit to me. It has given me blood and strength. I can lie down and sleep without being troubled. I have no pain, headache, or noise in my head. I have gained in weight three pounds, which I think is good for my age. I will be sixty-nine years old next summer. I have used Peruna since I started in February, and I use it yet. I feel cheerful and happy, thanks to Peruna. It will always be in my home and I recommend it to those who need it."

HIGH SCHOOL HAS TWO GAMES TONIGHT

The high school will play a double header basketball game tonight at the school auditorium. The girls will play the Blanchard team and the boys the Roff five. Both of these games promise to be full of pep and vim. The Ada girls defeated the Blanchard girls last night and the visitors are going to do their best to make a tie in the two games. The Roff boys pile up a big score when the local lads played at Roff some time ago.

THIS DRUGGIST WAS HONEST.

Some time ago I went into the drug store of Gerke Drug Co., Evansville, Ind., and the following conversation took place between Mr. Gerke and myself: "Theodore, how does it come that you sell so much more 'Number 40' For The Blood' than these other druggists around here?" Mr. Gerke answered: "A year or so ago my wife came into the store and said she was going to take a blood medicine. She looked over the kinds I had on the shelf and I reckon you put up the best 'spiel,' when she took a bottle of 'Number 40.' After taking it a while she gave it to our boy and one day I was complaining of 'that tired feeling' and she said, 'Here, I will dose you on 'Number 40' and she did and it did me so much good I have been recommending it to my customers since and buy it in gross lots."—J. C. Mendenhall, 40 years a druggist, Evansville, Ind.

The ingredients entering into "Number 40" are set down in the U. S. Dispensatory and other medical books as follows: "Employed in the diseases of the glandular system, in blood poison, scrofula, chronic rheumatism, catarrh, chronic constipation, stomach and liver trouble. Under its use sores, ulcers, nodes, tumors and swellings that have withstood all other treatment disappear as if by magic."—"Number 40" is sold by Gwin & Mays Drug Co.

ADA GIRLS DEFEAT THE STRONG BLANCHARD TEAM

The girls basketball team of the Ada high school ran away with the Blanchard girls last evening and took the game, 48 to 11. The game was fast and clean, and the visitors put up a better fight than their eleven points indicate.

The Ada team, coached by Miss Margaret Cameron, displayed a surprisingly superior grade of team work. The two Ada forwards were accurate in their shooting and missed only a few chances during the thirty minutes of play.

In speed the two sixes were about evenly matched. The visitors were outclassed in team work and in accuracy in placing the sphere on the inside of the steel rim. The local lassies displayed something of the skill that Miss Cameron herself displayed a few years ago when she was one of the stars on the all-state East Central Normal team.

These same teams meet again tonight for another game.

WHEN YOU HAVE YOUR HOUSE WIRED

Don't forget:
The little switch at the head of your cellar stairs and at the foot of the attic stairs.

The switches which enable you to turn on the upstairs or downstairs hall lights from either floor.
The useful lights on front and back porch which add distinction to your home, provide convenience for the caller and furnish protection for your family by night.

The easily reached pull sockets for individual control of lights—easy to find in the dark.

The proper number of base-board receptacles in every room in order that you may use the many inexpensive electrical conveniences that make entertaining easier and housekeeping a pleasure.

Ask us for figures on wiring your home—an inquiry places you under no obligation.

SUNDAY SCHOOL LESSON.

February 16, 1919.
(Rev. Sam S. Holcomb)

Subject: The Ten Commandments.—Exodus 20:1-17.

Golden Text: Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself.—Luke 10:27

We read of laws and commandments before the giving of the Ten Commandments, so that we must not think that the Hebrew people had no law before these Ten Commandments, but in the giving of these ten there was a summing up of the substance of all law in very condensed form. Every good law that has ever been set forth in this world, by the Lord or by men, has been but the outgrowth of these Ten Commandments, for they embrace the essence of all good law for mankind in all ages. We read in the 19th chapter how God commanded the people to purify themselves and get in a proper condition for the receiving of the law. We must be in a prepared condition to receive the words of God, for divine truth will do us no good unless it meets a proper reception in our souls. These Ten Commandments were inscribed, as we are told elsewhere, by the finger of God upon two tables of stone. The first four commandments refer entirely to God, and the relation between God and man; and the next six commandments were written on another table, and set forth the laws and relationship between man and his fellows. Hence Jesus summed up all the Ten Commandments in two, the first table consisting of loving God with all the heart, and the second table like unto it, "Thou shalt love thy neighbor as thyself." Israel's own laws had been very simple in Egypt. They had been under Egyptian law. The event in this lesson, like that of the last lesson, is a stage in the organization of a national government. Yet this is more fundamental. It matters little whether the Sanhedrin should contain seventy members, or like our Senate, ninety-six; but it did matter what should be included in the fundamental laws. The first commandment places God in his infinite superiority "Thou shalt have no other gods before Me." It not only means that we must put God above all others, but that in reality we must not have any other god except Him. Whatever we worship most, think more of, give more attention to, instead of God, we are idolaters. He must be not

Would You Run on a Flat Tire?

Suppose your front tire went flat ten miles from home.

You would not bang and bump along after you knew that every turn of the wheel was tearing the life out of the casing.

Why not be as reasonable about your battery?

The penalty for mistreating a battery is just as sure as for abusing a tire. The care is just as easy.

Drive into our Service Station and let us tell you just how easy it is.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

day afternoon at 3 o'clock at the Broadway Church of Christ. All officers, Sunday School teachers and workers are urged to be present. A good program has been provided. There will be giant and ghost stories from the Bible, a musical reading, and male quartette. The secretary will give a report of work done in County Sunday Schools. Plans will be launched for bigger and more effective Sunday School work in the county.

These are the officers chosen to carry forward the work of the year: J. M. Gordon, Ada, President; Mrs. M. L. Perkins, Ada, Secretary-Treasurer. Vice Presidents: A. Floyd, Ada; O. G. Rose, Francis; W. C. Duncan, Ada; Hugo Hughes, Roff; Walter Goynne, Ada; W. W. Jones, Stonewall, R. R. Union Valley; E. E. Ericson, Ada; O. H. Graham, Stonewall.

WHAT STRATFORD FOLK ARE DOING THIS WEEK

From Stratford Leader.

Mr. Yardley of Byars, was here on business last Friday.

Charlie Perry and Edgar Alexander were in Ada Monday.

Jesse Garrett came in from North Fork, Va., last week.

Randolph Osborn of Chickasha was here last week visiting the W. C. Garrett family.

Red Reynolds was over from Wynnewood Tuesday on business.

Bill Lee, formerly of this place, now traveling for a wholesale house, got married recently.

John L. Davis, living south of Stratford was transacting business in Ada Thursday.

Taylor Lanham and family are now occupying the P. A. Smith residence in east Stratford.

D. Highfill of Ardmore was in Stratford Thursday night and Friday.

R. C. Hess has been making a lot of nice improvements around his two residences lately.

Mrs. J. J. Rotenberry went to Byars Friday to stay awhile with her daughter, Mrs. W. Tucker.

M. L. Ferguson spent Sunday and Monday at Davis and Pauls Valley.

Dr. Hopkins made a business trip to Pauls Valley Monday afternoon.

J. H. Barnett has re-weathered the west end of his house, he also has made some other improvements.

Mrs. Coleman Davis left for Hugo Wednesday. Max Garrett took her as far as Ada in the Davis car.

Gip Secrest and little daughter and his brother, Sam of Wynnewood were here over Monday night.

Mrs. J. C. McClure left last Thursday for Tulsa to be at the bedside of her sister, Mrs. Bennett, who is very low.

Wallace Thomas returned home from Camp Travis Wednesday. He has received his discharge from the army.

Eugene Smith, brother of Mrs. G. W. Pearce received his discharge from the army. He returned to Stratford Wednesday evening.

John Strickland and mother, J. G. Stockton and Attorney Tom Farris were transacting business at the Valley last Thursday.

Mrs. A. P. Smith of Stratford is a great believer in raising chickens, and raising them early too, had 14 to hatch Saturday morning, February 8th.

Someone ran over and killed a little dog last Sunday in front of Donnell's meat market. We feel sorry for the little doggie, but he ought to have attended to its own business and not chased autos and Henry Fords.

Captain L. D. Abney and wife came in from the Scott Flying Station last week, they are the guests of Mr. and Mrs. D. C. Abney of this place. L. D. has received his discharge.

Bring in that picture and let me frame it for you.—C. A. Cummins. 1-15-tf

ALLIES DEMAND LONG RANGE GUN
By the Associated Press
COBLENZ, Feb. 15.—The Allies have taken steps to gain possession of one of long range guns which Germany used to bombard Paris. The Inter-allied Council at Spa has made demands on the German delivering commission that one of the long range guns must be included in the war material the Germans are now turning over to the Allies.

HIGH SCHOOLS HERE FOR GAMES

BASKETBALL TEAMS IN FOURTH CONGRESSIONAL DISTRICT MEET HERE NEXT MONTH.

The basketball tournament for the Fourth Congressional District will be held in Ada on March 14 and 15, under the direction of the East Central State Normal. This is a part of the series of games to determine the basketball championship, among the high schools, of the state. And high school which is a member of the Oklahoma High School Athletic Association is eligible to enter.

Prospects for a good meet are good. Already the high schools at Chandler, Roff, Milburn, Tecumseh, Seminole, Ada, Francis and Shawnee have entered. Other schools which are likely to enter are Tishomingo, Wewoka, Coalgate, Sapulpa, Holdenville and probably others.

Preparations are being made for the entertainment of the boys when they come to Ada. The dining room at the normal, formerly used as a mess hall by the S. A. T. C. will be at the service of the players. The boys will be entertained while in Ada and there will be little expense except the railroad fare. The gate receipts will be used to defray the railroad expenses of the various teams. The games will probably start at 1 o'clock on the afternoon of March 14 and will continue until the series has been completed, and the winner of the pennant in this district determined. Later the winner from this district will see the winners from the other congressional districts to determine the state championship.

CITY GARAGE AND DODGE AGENCY CHANGE HANDS

S. M. Magnuson has sold his City Garage building to Walter Wray, formerly of Maryville, Mo., and James Coleman, formerly of St. Joseph. These gentlemen have also purchased the interest of Chaney & Bates and will have complete charge of the business, including the Dodge agency.

Mr. Coleman has had five years experience in the automobile shops at St. Joseph as well as experience in the Dodge factories. He will be in charge of shop work. Miss Nellie Wray will be in charge of the office and Mr. Walter Wray will look after the sales department.

The deal is said to be one of the largest in the history of Ada, though the exact consideration was not learned.

MORE THAN MILLION MEN DISCHARGED

WASHINGTON, Feb. 15.—Army discharges in the United States had reached a total yesterday of 1,174,545 officers and men and the total number assigned for demobilization was 1,501,000. Of those discharged 71,235 were officers.

Kidney disorders cause much distress of mind and body. Such ailments should not be neglected because they lead to diseases that are dangerous. Prickly Ash Bitters is a fine kidney tonic. It strengthens the kidneys and purifies the stomach and bowels. Price \$1.25 per bottle.—Gwin & Mays Drug Company, Special Agents.

CONDITIONS IN PUBLIC SCHOOLS

SUPERINTENDENT HICKMAN SAYS MORE ROOM IS NECESSARY.

By Prof. J. E. Hickman.
For the information of the patrons of the public schools, I am giving below a tabulated statement of the enrollment by grades in each of the ward schools at the present time. I may add that this number is increasing each week.

S. Ward	Willard	Glenwood	Irving
1B	63	30	62
1A	27	33	44
2	57	64	61
3	42	42	43
4	70	47	40
5	53	57	38
6	40	42	37
7	53	40	23
8	41	32	18
Total	446	387	376

There are five rooms in the south ward, two in Willard, two in Glenwood and two in Irving that have fifty or more pupils enrolled now. I am safe in saying that the maximum number of children any teacher should have is forty. Beyond that number no teacher can do justice to her work. I am not making this statement as my opinion. It is accepted as sound pedagogy everywhere and in the best schools no teacher is ever allowed to have even this maximum enrollment. In trying to meet the emergency in our own schools, I have been forced to choose between two evils. Either crowd the children in the rooms regardless of number or else put such crowded rooms on a half day basis. I have chosen the latter as the less of the two evils. I have done so for two or three reasons. In the first place the teacher can do more for the individual child in actual instruction. In the second place, there is not sufficient space in the rooms to place seats to accommodate the enrollment nor are the seats available now. There is this consideration, too, that has influenced me even more than the two above mentioned. We have been repeatedly warned this year against overcrowded rooms, as a precautionary against the spread of the flu. I take it that fifty or sixty-five or seventy children crowded into one room where it is difficult to keep the temperature normal and ventilation as it should be endangers the health of these children and makes them very susceptible to flu or any other contagious disease. I have, therefore, hesitated to force this condition upon the children. I am fully aware of the fact that they should not be on the street half the day and I am fully in sympathy with the parent that wants his children in school all the time. At the same time, I do feel that I am not responsible for the condition but am willing to do all I can to relieve it.

It may not be much consolation, but this fact remains. The scholastic enrollment for next year is 2524. This enrollment will place an average of 55 children in every grade room in the Ada schools. Let's give every child in Ada a chance, under normal

school room conditions with the best instruction possible, to become a man and fill a man's place in the years to come.

Rev. Beck will give glimpses of an ideal Sunday school, Sunday afternoon at 3 o'clock. 2-15-11
